

## Everything is a Goddamned Miracle

Everyday is a Goddamned miracle  
I don't look pretty, but I'm alive  
Everyday is a Goddamned miracle  
Don't know if I'll be here at twenty-five  
Everyone is a Goddamned miracle  
Some are dicks, at least they've got drive  
Everyone is a Goddamned miracle  
You're pretty whiny, someday you'll thrive

I say that I hate you  
I mostly act pissed  
But I wouldn't trade this shit  
For any other shit

Everywhere is a Goddamned miracle  
Maybe it's hot but at least it's not rain  
Everywhere is a Goddamned miracle  
Yeah you're sick but it could be more pain  
Everything is a Goddamned miracle  
Why not use my self portrait? Why not get it framed?  
Everything is a Goddamned miracle  
Why the hell not? It can't make me less sane

I say that I hate you  
I mostly act pissed  
But I wouldn't trade this shit  
For any other shit
